Hinges and Ironmongery

When deciding on the ironmongery for your new gate think carefully about the image you are trying to create and the particular setting you have chosen for the gate. Marine grade stainless steel will give this simple design a stylish contemporary twist, where as the blacksmith forged products will give a more traditional feel.

All ironwork is hot dip galvanised for longevity and all fixings supplied are stainless steel. Hinges, latches and cabin hooks are available in all finishes.

Jambs and Posts

The National Trust gates can be hung directly from a brick or stone wall, from timber jambs fixed to walls or from posts set in the ground.

Jambs are available in seasoned Sweet Chestnut for all the gate designs and sizes.

Posts are available for the low garden gates, in oak and three varieties of British stone.

Prices are overleaf, please call us to discuss your individual requirements.
